

Concept Note

The Africa's Health ExCon is a major trade fair/event that is expected to take place annually with the aim of creating a sustainable platform that connects world Healthcare buyers and suppliers and supporting the flow of business and intra/extra trade in the continent.

Goals & Objectives

.....

This Health ExCon is organized to be the continental hub of innovation and trade in Africa. In other words, it seeks to refocus the minds of all those operating in the Health and Pharma business to Africa's investment potential and contribute further to the thriving of this industry in the "Mother Continent" of the world. Not only this, this mega trade fair/event aims to also further contribute to the continent 's Health Agenda in ensuring equitable access of quality health technology products and services to all African Countries.

Incubating various industries, agencies, companies and governmental entities, this ExCon is a guaranteed concurrence of all the Healthcare representatives bridging the gap between them but also fostering a climate that would encourage innovation and acceleration of beyond the possible.
